# A Day in Niagara

NEOB Lavender is Niagara's first and only commercial lavender grower and essential oils producer. On our guided tour we will roam the fields, visit the aromatic greenhouse, and learn about the essential oils production. Next, we will enjoy a delicious meal at the Table Rock Restaurant, overlooking Niagara Falls. After lunch, we will visit the Niagara Butterfly Conservatory. This exhibit features over 2,000 vibrantly coloured butterflies fluttering freely throughout winding pathways adorned with lush vegetation and trickling waterfalls. Our final stop is Niagara-on-the-Lake, a historic town made for walking, with its boutique shops, cast-iron planters bursting with flowers, and horse-drawn carriages transporting riders to another time and place.

Date: Thursday, August 14, 2025
